DevOps vs Agile.

- Methodology (Concept) → practices (Best Cases, Recommended)

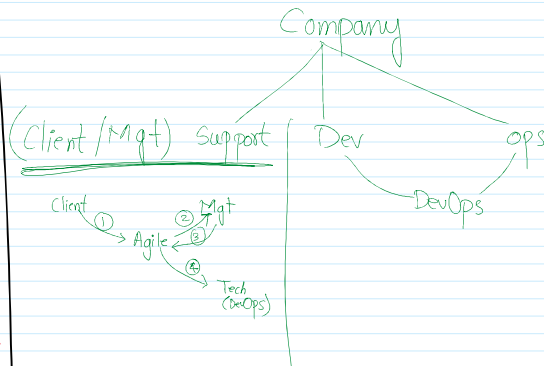

- Software Delivery.

- Automation
 - Collaborative
 - Provisioning.
 - Ops
 - Dev +
 - Release
 - Optimization
 - Performance
 - Cost
 - Budget

- C Integ
- C Dev
- C Dep
- C Feedback Loops
- C Monit
- C Test
- C Model → ML/AIOps

- Methodologies
- Automation.

Agile focuses On:-

- Iterative Development: (Documentation Tool → Tracking Tool → VCS → Build → ...)
- Incremental Development.
- Scrum, Kanban, XP, ...

- Sprints
